

CNC

Global Experience Agency

Elemis LA Activation

Overview

ELEMIS
LONDON

Elemis Skincare Activation

CNC will develop a mobile experience that promotes the brightening effect of the Dynamic Resurfacing Super-C Serum, and how it's perfect for reviving dull summer skin. Providing customers with a "glow to-go" treatment including serum samples and healthy vitamin-C shots, we'll establish an undeniable connection between the healthy LA lifestyle and Elemis.

Custom Vehicle:

CNC will design a fully customized mobile vehicle, that is representative of the brand and in line with the Dynamic Resurfacing Super-C Serum.

Product Sampling & Giveaways:

Brand Ambassadors around the truck will attract passersby and hand out samples of Dynamic Resurfacing Super-C Serum in a reusable mini tote. They will engage with customers by speaking to the products and encourage them to step up to the "Glow Bar" and post on social for a delicious and energy-boosting vitamin C shot.

Guest Activation Experience:

In addition to product samples and giveaways, CNC will drive edu-entertainment by asking customers to partake in the GET YOUR GLOW station, detailed out on the following pages.

Event Date: July 2022

Location: Los Angeles

ELEMIS PICNIC

ELEMIS
LONDON

‘GET YOUR GLOW’ PICNIC

Inspired by the British tradition of a countryside picnic, Elemis takes over Los Angeles with an unforgettable brand activation that brightens your day.

The Elemis Pop-Up consists of a Glow Bar, pulled by a vintage British sports car such as the Aston Martin, which will set up in a verdant yet central area. The displays include wicker baskets full of samples, seating areas and picnic blankets on the grass, and aspirational product displays which will inspire passersby to stop and sample.

The Glow Bar provides healthy refreshments including vitamin-C shots and popsicles.

This will not only engage the customers, but create an undeniable connection between the healthy LA lifestyle and Elemis’ brightening serum.

FOOD & BEVERAGE

ELEMIS
LONDON

Food & Beverage

Boost your skin with a stop at the Glow Bar where ambassadors will pass out healthy pick-me-ups including vitamin C shots and popsicles, vegan lattes, and branded sugar-free shortbread cookies. From the mini shot bottles to the coffee cups, each item is beautifully branded to inspire social sharing.

- Vitamin C shots + popsicles
- Healthy lattes (algae, turmeric, matcha)
- Round branded shortbread cookies
- Branded cups, napkins

More About CNC

An experience agency
elevating brands at the
intersection of creativity and
culture.

Wherever, And Whenever You Are

While New York City is both our home and headquarters, we've opened offices in LA and have activated exhilarating experiences in 30 cities across the U.S.A. Our accomplished team is equipped to support your brand throughout the country + the UK and Canada, too.

Thank You

We're looking forward to hearing your feedback and getting started on your project.
