SECTION 1: INTRODUCTION

How to Get Started

Purpose of this Guide

The Nordstrom Routing Guide provides instructions on carrier selection and shipping specifications for all Domestic Purchase Orders with an FOB point in the United States. Carrier selection is based on:

- Shipment point of origin (state or zip code)
- Shipping method/routing mode
- Shipment weight
- Ship To Distribution Center or Consolidator

How to use this Guide

Please review the *Shipping Guidelines* section of this manual carefully. Violation of the instructions and/or rules contained in these guidelines may result in refused shipment(s) and/or additional charges to the supplier.

You may use this guide to identify which carrier to use for any given shipment and to determine whether any special handling is required by either Nordstrom or the carrier for that shipment.

Please note that the information in this guide is updated periodically and can change without notice. We do not recommend that you print any section of this guide. Please refer to the online version of the Routing Guide found at www.nordstromsupplier.com to make sure you have the most current information available.

Finding the Authorized Carrier for Your Shipment

Follow these steps to identify the authorized carrier for your freight shipment to Nordstrom:

- Consult [Maximum Shipment Weight Limits](#) (in *Section 2: Shipment Preparation*) to calculate the total weight of your shipment.
- Refer to [Section 8: Store/DC List](#) to determine which Distribution Center is associated with the store(s) on your Purchase Order (PO).
- Determine which authorized shipping mode – Air or Surface – has been specified on the PO.
- Go to the [Origin State Pages](#) (*Section 6*) and select the page for the state (or zip code area) from which the shipment will originate.
 - Review the 'General Rules' section of the State Page.
 - Locate the chart, about mid-page, containing column headers 'Ship To DC', 'PO Specifies Surface', 'PO Specifies Air'.
 - Determine what DC(s) you are shipping to, the weight you are shipping (NOTE: Refer to 'General Rules' for instructions on how to calculate weight)
 - Determine the shipping mode from the Nordstrom PO you are shipping
 - Locate the authorized carrier based on mode, weight, and DC you are shipping to.
 - Note: It is possible to have more than one carrier by DC—be sure to check carefully.

After identifying the authorized carrier for your shipment, refer to the [Carrier Pages](#) (*Section 6*) for specific instructions on shipping with this carrier.

For More Help

Please email traffic@nordstrom.com with any carrier or shipping questions.

Shipping Guidelines

Who May Authorize Carriers

This routing guide is the only authorized source of instructions about carrier selection, receiving addresses and shipping specifications for Domestic Purchase Orders (POs).

Nordstrom Buyers may select the shipping method for a PO, but they are not authorized to select the carrier. If the carrier name that appears on the PO does not agree with the authorized carrier as determined by the Routing Guide, please contact Traffic@Nordstrom.com

Failure to comply with this routing guide places full liability for loss or damage on the supplier.

- Deviation from these instructions without approval of the Nordstrom DC Traffic office, or Nordstrom Corporate Transportation office may result in a \$100.00 handling charge, which will be deducted from your invoice.
- If you choose to send your shipment via a carrier not authorized by Nordstrom, your shipment must be sent *prepaid*. **If you opt for collect billing via a carrier not authorized by Nordstrom Traffic, Nordstrom reserves the right to either refuse the shipment or reverse the freight charges back to the shipper.** Use of any carrier or shipping method (routing) not specifically authorized in this guide or by Nordstrom Traffic will result in the supplier paying all transportation charges, regardless of whether or not Nordstrom might have incurred lower or higher transportation costs with the unauthorized shipping method.

Supplier/Shipper Benefits

When suppliers follow the Nordstrom Routing Guide instructions on carrier selection and shipping, they enjoy several benefits, including:

- Discounted carrier rates when sharing freight costs with Nordstrom;
- Pre-scheduling and prioritization of shipments for delivery at the Ship To DC.

Small Package Shipments

In an effort to decrease the number of small package shipments received at our Distribution Centers, Nordstrom requests that your shipping dock make every effort to consolidate packages/Purchase Orders FROM your single shipping location TO the Nordstrom Ship To DC so that your shipments may meet our standard shipment criteria...

Collect/Prepaid Shipments

All shipments to Nordstrom must be sent 'Collect' or 'Bill Third Party' via an appropriate authorized carrier, with the exception of Parcel Post shipments. Small Package shipments on UPS must be billed to Nordstrom's Third-Party Bill To account, (see UPS pages in Section 6 'Carrier Pages' for details).

POs that stipulate '**Vendor Pays Total Freight**' should be shipped 'Collect', or 'Bill Third Party' via an authorized carrier as explained in this guide. Nordstrom will deduct any freight charges owed from the next check remittance. This is typically advantageous to the shipper, as they are able to take advantage of Nordstrom's contracted rates.

Nordstrom will not reimburse shippers for any 'prepaid' shipments, whether via authorized or non-authorized carriers... Should you accidentally ship 'prepaid' via an authorized carrier, please contact traffic@nordstrom.com for assistance with rebilling the freight charges to Nordstrom. See also Section 4 'Freight Invoicing and Reimbursement'

Note: Suppliers are responsible for any loss and/or damage associated with prepaid shipments

Unauthorized Carriers

The following rules apply when shipping via a carrier **not** listed in this guide:

- The merchandise **must** be shipped **PREPAID (including any accessorials involved with delivering per our guidelines)**;
- The merchandise **must** be **delivered to the destination DC (or store if not delivering to a DC)** within the shipping window on the PO.
- Your prepaid carrier **must** contact our DC's for delivery appointments *prior* to the delivery attempt. At the time of contact the carrier must present your bill of lading number, carrier pro#, ship date, PO numbers and carton count per PO.

Shipping Timeframes (Ship Windows)

The PO shipping window (i.e., '**Not Before date**' to '**Not After date**'), indicates the first and last date that merchandise may leave the shipper's dock. Merchandise shipped outside of this shipping window may be refused by the DC's or the carrier, and if accepted by a DC may result in a chargeback... If one of the shipping window dates falls on a weekend or a holiday, the order **must** be shipped on the weekday following the earliest ship date or *prior* to the latest ship date in order to be considered valid.

If for any reason the supplier cannot meet the latest ship date, an extension may be requested from and granted **only by the Nordstrom buyer** who *owns* the Purchase Order. In all cases, the Routing Guide instructions on carrier selection must be followed. **Buyers are not authorized to give instructions on carrier selection.** Failure to comply with this guideline will result in the supplier being held liable for all freight and handling costs incurred.

International Shipments

Nordstrom participates in the Customs Trade Partnership Against Terrorism (C-TPAT).

Nordstrom will not be responsible for international freight charges nor will we act as the importer of record for Customs and Border Protection clearance or Importer Security Filing.

The price you negotiate with Nordstrom should include all costs associated with producing the product and importing it into the United States.

Important:

If your order is sourced outside of the United States and the domestic Purchase Order states 'FOB factory', it is incorrect and/or invalid. The correct term of sale on the Purchase Order should be 'Delivered Duty Paid' (DDP), and the named DDP point should be the United States Border Crossing City. The DDP Location is determined by the shipper. Nordstrom will not act as or be listed as the Importer of Record. When shipping from outside of the United States, you will be the shipper of the merchandise and your carrier will bill you for the freight movement from your factory to the DDP location. This freight cost is at your expense and will appear on the freight bill as prepaid by the shipper. All domestic PO shipments originating in Canada or Mexico must be shipped PREPAID to your United States Border Crossing City at least 2 days prior to the PO cancel date. Nordstrom takes ownership and is responsible for freight charges that are incurred after the cargo clears U.S. Customs at the Border Crossing City.

If your PO is DDP, it is regarded as a domestic purchase order. For authorized routing, reference your United States Border Crossing City to determine the state or zip code page to use in the Routing Guide as your Origin State for carrier selection. All Nordstrom DC's regard the ship date from your United States Border Crossing City as the actual domestic PO ship date.

If a PO sourced outside of the United States shows the term of sale as 'FOB factory', contact your Nordstrom buyer to alert them that this PO is being sourced outside of the United States and that 'FOB factory' is an improper term of sale for future POs. International shipping points with 'FOB factory' on a Domestic type order are *invalid* and can be refused.

Shipment Destinations

Nordstrom Distribution Centers

Ship to the Nordstrom Distribution Centers listed in [Section 8: Store/DC List](#), unless the buyer has provided an override Ship-To DC on the PO [Direct-to-Store](#)

Direct-to-Store

If Ship-to is a store number rather than a DC number, the PO is considered a 'Direct-to-Store' PO.

Please contact expedite@nordstrom.com and provide the following PO details to receive shipping instructions:

- PO number
- Ship from City, State, Zip
- Ship-to: Direct-to-Store number
- When ready to ship
- When needed in store
- Total weight of shipment.
- CC the Nordstrom buyer you are working with

For [Designer Merchandise](#) please refer to [Page 15](#) of this guide.

Nordstrom Rack Exception Purchase Orders

If your Nordstrom purchase order is coded with PO type 'PM' it is considered a Rack Exception PO. All cartons on this order should be routed to one DC location.

If the PO is a 'Bulk Pack' Rack PO these orders are typically routed to a single DC location (can be any DC).

The Nordstrom Rack buying office should have previously notified you of these exceptions, and what DC(s) to route your cartons to. If you have any questions on what DC's to route your cartons to, please contact your Nordstrom Rack buyer.

ASN and GS1-128 Label Requirements

For 'Bulk Pack' the ASN requirement for bulk shipments is that there is one ASN per ship-to location (DC). Standard ASN requirements still apply; there must be one ASN per shipment per DC per day with a unique sub-BOL number in the REF*BM segment of the ASN data. In the case of bulk shipments, the 'Mark-for' segment is the DC. The GS1-128 Label 'Mark for' location for bulk-pack shipments would be the ship-to DC.

SECTION 2: SHIPMENT PREPARATION

General Rules

We urge all shippers to consolidate their shipments to the smallest possible number of shipments per week (**as PO shipping windows permit**). The heavier the shipment, the more economical the freight charges. This is especially important to shippers if they are sharing freight costs via Freight Agreements and/or PO Freight Allowances.

If your warehouse ships numerous small package shipments each day or week, please contact us at traffic@nordstrom.com and we will be glad to help you review your carrier selection process to ensure correct interpretation of the Nordstrom Routing Guide.

Shipment Definitions

Shipments fall into three general categories:

1. **Gilbert and NorCon Consolidation Shipping States**

If the state of origin page lists Gilbert, A. Duie Pyle/Gilbert, New Penn/Gilbert or NorCon as the carrier/consolidator, then a shipment is defined as **all cartons for all POs going to all DC's** on a given day. The sum total weight of your **entire** shipment for the day will determine the appropriate carrier to contact for cargo pick up.

2. **CTE, UPS Freight, XPO Logistics, Oak Harbor Freight and BTX Global**

For these carriers, a shipment is defined as **all POs and cartons shipping to a single DC** on a single day. If you are shipping to 4 DC's on a given day, then you would be sending a total of 4 shipments (one per DC).

3. **Small Package Carriers: UPS, FedEx Express, US Mail**

For these carriers, a shipment is defined as **each package**.

PO Verification

All shippers are required to provide the POs they are shipping to Nordstrom when you submit a pickup request with the Nordstrom authorized carrier.

EXCEPTION:

This PO Verification requirement is not required for: UPS Small Package shipments

Carriers must verify that the shipper's POs are valid and that they are ready to enter the Nordstrom Transportation pipeline prior to issuing a Pickup Number and scheduling a pickup. Carriers will not schedule a pickup until they have confirmed that the POs are valid. Shippers have access to the Nordstrom Order Verification System (NOVS) website, which enables them to check the *status* of their POs. However, **shippers must continue to verify their POs with the carrier**. The validity of a PO is dependent upon the actual ship date, which is the day the carrier signs for the POs on the shipping dock.

Please refer to the [Carrier Pages](#) (Section 6) to locate contact numbers and PO Verification instructions for the specific carrier your company will be using for shipping.

NOTE: Shippers are required to ship within the Nordstrom PO ship window. Shipping outside the ship window could result in a freight chargeback or refusal at our DC/FC.

Nordstrom Order Verification System (NOVS)

Nordstrom's carriers and consolidators are required to validate Nordstrom POs for shippers in the NOVS web portal in accordance with Nordstrom Routing Guide shipping specifications prior to picking up.

The carriers will verify your PO's in NOVS when you schedule a pickup with them. The carrier will advise if the NOVS status is 'Accept' or 'Refuse'. If 'Refuse' the carrier will not pickup and shipper should contact their Nordstrom Buyer team for more information.

If you would also like to verify your Nordstrom PO's yourself prior to submitting to our carriers, you can request access to NOVS by emailing NOVS@nordstrom.com with the following information:

Subject: "NOVS Access Request"

Information to be submitted: User First Name, User Last Name, Nordstrom Vendor Number, Vendor Company Name

Maximum Shipment Weight Limits

The following standard shipment weight limits are covered in this guide:

- Maximum surface shipment per DC: up to 10,000 pounds or up to 1,800 cubic feet
- Maximum air shipment per DC: 2,000 pounds

Charges for surface shipments are assessed based on the higher of two values:

- The actual weight of the shipment – OR –
- The dimensional weight of all cartons within a shipment, as calculated using the following formula:

Sample Dimensional Weight Calculation

Height (In Inches)	Width (In Inches)	Length (In Inches)	Cubic Inches	Factor	Cubic Feet	Number of Cartons	Total Cubic Feet
36'	27'	30'	29,160'	0.000579	16.88	24	405.12

$$H \times W \times L = \text{Cubic Inches} \times 0.000578704 = \text{Cubic Feet} \times \text{Cartons} = \text{Shipment Cubic Feet}$$

If your shipment exceeds 10,000 pounds per DC or 1,800 cubic feet per DC, please review the Volume Shipments guidelines below.

Maximum Carton Dimensions/Weights

The maximum cartons dimensions are (in inches) 36x27x30

The maximum weight per carton is 50 lbs.

Please refer to the [Packaging & Labeling Standards](#) found on www.nordstromsupplier.com for more detailed information.

Carton Dimensions Required on Surface and Air Shipments

Our carrier programs require the shipper to provide accurate carton count by size (dimensions) on your Bill of Lading or Airway Bill at time of shipment.

For Example: 4 ctns @ AA X BB X CC
10 ctns @ CC X DD X EE

Volume Load Shipments

Contact Nordstrom at least 3 business days prior to your requested ship date for instructions;

Surface shipments (per DC);

- Weighing more than 10,000 lbs. or having a cubic measure greater than 1,800 cubic feet

Air shipments (per DC);

- Weighing more than 2,000 lbs.

To schedule a volume load pick up, please email volumeload@nordstrom.com.

- Your shipping dock must be accessible to a standard 53-foot tractor-trailer combination.
- Cartons are to be floor loaded into the trailers. However, if the entire load will fit on the trailer using pallets this can be allowed, but only if the pallets are not double stacked. Loads that are received double stacked may incur an unloading chargeback. The chargeback amount will be deducted from your invoice.
- **Same Day Cancellation of a Volume Load Pickup** may result in a **chargeback** for Truck Ordered, Not Used.
- When shipping multiple POs, we ask that you make every effort to load by PO number, keeping all POs in close proximity to facilitate ease of count confirmation at the DC receiving dock.
- Carriers typically allow two hours load time per trailer. Detention time begins after the second hour. The vendor must make every effort to load the trailer within two hours. In cases of extreme detention, the vendor may be subject to a chargeback to cover the resulting detention charges. If applicable, this charge would be deducted from your invoice.
- Any add-on cartons to the shipment must be either emailed to volumeload@nordstrom.com Nordstrom pays for full Valuation Insurance on all volume shipments. Do not put a release value on the bill of lading. Bills of lading must be marked with the designated DC number and address.
- The shipper must apply a numbered seal to all loads and this number must be noted on the bill of lading. Failure to properly seal the trailer transfers all shortage liability to the shipper.

If you have any questions about volume shipments, email volumeload@nordstrom.com.

Declaration of Value

Do **not** declare value on surface or air shipments, except in the following cases:

- When shipping Jewelry or Watches via the US Mail system
- When shipping Jewelry or Watches to departments **68 and 589**
- See: [Jewelry/Watch Shipping Procedures](#) (in Section 3: Special Handling)

Palletization of Freight

Nordstrom **DOES NOT** require palletization of freight being shipped on a Volume Load, or through our consolidators Gilbert, NorCon, and CTE.

Nordstrom **REQUIRES** the palletization of cartons when shipping on LTL carriers direct to Nordstrom DC's.

This rule does NOT apply to shipments to Nordstrom Consolidators CTE, Gilbert, and Norcon.

We recommend you consult with the carrier about palletizing prior to arranging a pickup.

Follow these instructions when palletizing freight:

Shipments direct to Nordstrom DC's via Nordstrom carriers UPS Freight, XPO Logistics, Oak Harbor Freight, and BTX Global:

- All cartons on the pallet must be plainly visible to allow for accurate carton count.
- DO NOT mix cartons for different DC's on the same pallet
- Stack the heaviest weight cartons on the bottom row
- Use your best judgment based on burst strength of the cartons being stacked and overall stability of the pallet when building the pallet. Keep in mind the door height of the truck you'll be loading the pallet onto, **do not stack cartons on pallet higher than 6 feet/72"**.
- After carrier has counted the cartons on the pallet, shrink-wrap the pallet using heavyweight film wrapped as tightly as possible to ensure stability, especially including any single cartons on the top row. Use clear plastic film.
- Nordstrom requires its carriers to sign for cartons. If a carrier is unable to confirm the number of cartons tendered for any reason (i.e. due to carton stacking method or lack of visibility for shrink-wrapped pallets), shipper must either resolve the conditions that prevent the carrier from an accurate count or accept responsibility for any shortages upon delivery to Nordstrom.
- Absolutely **do not** mark or note the Bill of Lading: 'x pallets **said to contain** y number of cartons.' ***If freight is tendered to a Nordstrom carrier in a 'Said-To-Contain' manner and the correct numbers of pallets are received, all carton shortages will be treated as a vendor short-shipment.***
- Your Bill of Lading must contain a total carton count by DC, and the number of pallets by DC that are being shipped. Shippers must require the driver to sign for the total carton and pallet count by DC that they are receiving for all live-loaded shipments.
- You must list the pallet weight separately on the BOL by DC, i.e. '2 pallets, 50 lb. pallet weight'.

Shipments via Nordstrom carriers NorCon or Gilbert (IF carrier approves palletized pickup):

- All cartons on the pallet must be plainly visible to allow for accurate carton count.
- Cartons should be **palletized BY DC** for the majority of your shipments. A very limited exception is provided for the following situations: If there is only a small quantity of cartons left after palletizing by DC, the last pallet may contain mixed DC's provided it is clearly labeled as 'MIXED DCS'.
- Stack the heaviest weight cartons on the bottom row
- Loading the pallet more than six feet high is not recommended; use your best judgment based on burst strength of the cartons being stacked and overall stability of the pallet when building the pallet.
- After carrier has counted the cartons on the pallet, shrink-wrap the pallet using heavyweight film wrapped as tightly as possible to ensure stability, especially including any single cartons on the top row. Use clear plastic film.
- Nordstrom requires its carriers to sign for cartons. If a carrier is unable to confirm the number of cartons tendered for any reason (i.e. due to carton stacking method or lack of visibility for shrink-wrapped pallets), shipper must either resolve the conditions that prevent the carrier from an accurate count or accept responsibility for any shortages upon delivery to Nordstrom.
- Absolutely **do not** mark or note the Bill of Lading: 'x pallets **said to contain** y number of cartons.' ***If freight is tendered to a Nordstrom carrier in a 'Said To Contain' manner and the correct numbers of pallets are received, all carton shortages will be treated as a vendor short-shipment.***

How to Provide a Unique Bill of Lading Number for an EDI 856 ASN

The GS1 US (VICS became part of GS1 in 2012) Standard Bill of Lading Number

A Bill of Lading (BOL) number is a unique identification number assigned by the shipper and is mandatory for all Bills of Lading and Master Bills of Lading. For more information, please visit the GS1 website (<https://www.gs1us.org>)

Companies Sending EDI Shipments

Companies sending shipments via EDI must create a unique BOL (VICS) number to serve as a tracking number for each shipment. This unique number must not be reused for at least 18 months. The BOL number must consist of a maximum of 20 alpha or numeric characters. Special characters such as dashes cannot be used.

For further information on Nordstrom BOL requirements refer to our EDI 856 ASN Mapping Document on the left sidebar of www.nordstromsupplier.com.

Companies Sending Non-EDI Shipments

Companies sending Non-EDI shipments must create a unique BOL number to serve as a tracking number for each shipment. The BOL number must consist of a maximum of 20 alpha or numeric characters. This unique number must not be reused for at least 18 months.

Bill of Lading Preparation

Detailed carrier-specific bill of lading instructions is provided in the [Carrier Pages](#) (Section 6),

Use the [Bill of Lading Guidelines](#) (on www.gs1us.org), which includes examples of the industry standard sub-bills and Master Bill of Lading- see Appendixes A, B & C: For Sample Bills of Ladings.

SECTION 3: SPECIAL HANDLING

Shipments Requiring Special Handling

Shipment types covered in this section require special handling above & beyond the general shipping guidelines provided in the previous section.

Hazardous Materials

Shippers are legally & solely responsible for identifying, packaging, marking, labeling & documenting each hazardous material shipment. Documentation for all Air and Ground Delivery service shipments must be in compliance with IATA or 49 CFR regulations. Shippers must comply with any additional FAA or other government regulations in effect at the time of shipment.

Shipping Hazardous Materials via Air

Shippers should ship only those articles that are authorized for air shipment (as of the ship date) in IATA's *Dangerous Goods Regulations* and must follow the labeling and shipping requirements as set forth in these regulations. Copies of these regulations may be ordered by calling 800-716-6326, or online at www.iata.org. Shippers must also comply with any additional Federal Aviation Administration (FAA) or other official requirements in effect at the time of shipment.

Hazardous materials may only be shipped via Air if this has been requested in the Purchase Order shipping method field. All other articles not specifically authorized for air shipment must be shipped Surface. If a shipment authorized for Air does not qualify for air shipment, contact the destination DC Traffic Office or traffic@nordstrom.com for instructions.

Shipping Hazardous Materials via Surface

Shippers must follow the labeling, classification and shipping instructions set forth in the 49CFR regulations. Shippers are legally & solely responsible for identifying, packaging, marking, labeling & documenting each hazardous material shipment.

UPS and Hazardous Materials

Shipments containing hazardous materials, as defined in Title 49 of the United States *Code of Federal Regulations* (49 CFR), must be shipped in accordance with the *Dangerous Goods Regulations* or 49 CFR in effect at the time of shipment. UPS also has its own requirements for shipping Hazardous Materials. Go to UPS.com and enter 'Hazardous Materials' in the search field for a list of Hazardous Materials related topics.

Shippers are legally & solely responsible for identifying, packaging, marking, labeling & documenting each hazardous material shipment.

Designer Apparel

Nordstrom departments **608, 694, 725, 827, 828, 829, 832, 833, 834, 835, 836, 837** are considered Designer Apparel. Vendors shipping to these departments should ship as follows:

808/568 Designer Web

All Designer merchandise (above departments) for Store 808/568 must be sent to:

Store 808 / FC599 (MWFC)	Store568 / FC569 (ECFC)
Nordstrom MWFC 7700 18 th St. S.W. Cedar Rapids, IA 52404 PH (319) 846-4000 Fax (319) 846-4208	Nordstrom ECFC 30 Distribution Drive Elizabethtown, PA 17022 PH (717) 366-1300

All European-Sourced Designer Merchandise

Except for stores 808 and 568 as noted above, vendors shipping merchandise for Nordstrom departments **608, 694, 725, 827, 828, 829, 832, 833, 834, 835, 836, 837** should continue to ship to DC 699. Please refer to the PO Header for further details.

DC 699
839 Commerce Drive - Collington Center Upper Marlboro, MD 20774-7421 Phone (301) 390-7800 Fax (301) 390-1229

All U.S.-Sourced Designer Merchandise

Please note that Vendors shipping U.S. sourced Designer Merchandise should follow the standard routing for their State as found in the Store / DC List and State Pages.

Note: Former Department 614 (Designer Dresses) has been moved to new Department 855 (Dresses) and should follow standard routing (all applicable DC's).

Customer Owned Goods Repair Claims

Except for fine jewelry/watches and heirloom/one-of-a-kind Nordstrom items, Customer owned repair claims should be shipped via UPS 2nd Day Air. 'REPAIR' will need to be printed in the 'Reference 1' field on UPS.com or WorldShip.

If the repaired Customer Owned goods are fine jewelry/ watches or heirloom/one-of-a-kind Nordstrom items, please refer to the FedEx Express Fine Jewelry and Watch DVX Shipping Instructions below.

If the claim was generated at a Distribution Center, ship to the generating DC. If the claim was generated at a store, ship to the generating store.

Furniture and Residential Shipments

All furniture shipments and some residential shipments require special handling. For instructions on furniture and residential shipments, please send email to traffic@nordstrom.com, identify yourself as a furniture or residential shipper.

Gourmet Foods

Vendor/Suppliers shipping candy that is chocolate and /or perishable to must ship SURFACE Method to DC with transit time within 3 days to deliver on/by Thursday unless otherwise indicated by specific PO terms.

Perishable items such as chocolate and candies must be labeled 'perishable food item' on the Bill of Lading.

If items are shipped via Air carrier in a cold pack containing dry ice, the shipper must declare 'On Dry Ice' on the Bill of Lading and on the carton's outside label. Refer to the [Packaging & Labeling Standards](#) found on www.nordstromsupplier.com, for marking and labeling instructions.

For further assistance on gourmet food shipments (especially chocolates and perishables), please contact Nordstrom Corporate Logistics via email at traffic@nordstrom.com.

Jewelry and Watch Shipping Procedures

Nordstrom Purchase Orders that consist of jewelry and watch items destined for departments **562 or 879** may require Declared Value protection based on the invoice value at the time of shipment. Shipments for these departments may be sent via UPS or prepaid via USPS (United States Postal Service) per below instructions.

Shipping Jewelry and Watches via UPS

When shipping jewelry or watches via UPS, it is very important that the correct packaging, labeling and account number be used. All of these instructions are designed to ensure that your shipment arrives at its destination without loss, damage or delay. Shippers must follow these instructions exactly in order to be reimbursed for lost or damaged packages. Failure to do so will result in the shipper being liable for any loss or damage incurred with the shipment.

UPS High-Value Waiver

When shipping on Nordstrom's High-Value 3rd Party UPS account number you must first have completed the UPS High-Value Waiver process in order to be covered under the UPS High-Value liability policy. This process is conducted by a local UPS security team and involves a review of the shipper's packaging and handling process, and other metrics that impact security. This process can take two-three weeks to complete, so it is very important to get started on it right away. Contact your local UPS account representative to arrange.

Important: Any loss or damage to merchandise shipped on Nordstrom's High-Value account, without the shipper having completed the High Value Waiver process could result in the shipper being responsible for the loss.

Creating a UPS shipment

- You must create your UPS shipment on a UPS system like World-Ship, I-Ship, UPS.com, or other UPS-Package-Level Detail compliant shipping system and use a system-generated shipping label on each carton. *Hand-written UPS shipping labels are not permitted*, and if used will result in the shipper being liable for any loss, damage or delay.
- An 'end of day' manifest upload must be performed at least daily, to make sure that your shipment details are uploaded to UPS. Failing to do so could result in delayed visibility to tracking information for your packages, or denial of declared value coverage by UPS in the event of loss or damage. Check with UPS if you have any questions about this process, and to confirm that your system is compatible.
- The Nordstrom PO number you are shipping must be entered in one of the Reference Fields.
- The Nordstrom department number, found on your purchase order, must also be entered in one of the reference fields, i.e. 'Dept. 562', or 'Dept. 879'.
- Do not include PO. number or department number on the same line as the consignee name/address of your shipping label. This information belongs in the reference fields as described above
- For packages that will contain items with a declared value of \$1,000 or more, it is recommended that you create a duplicate shipping label per carton by using the 'reprint label' function of your shipping system. This duplicate label will be applied to the inner carton (see 'Packaging Procedures' below) as extra protection in case the label on the outer shipping carton is somehow damaged or removed. **IMPORTANT:** Do NOT create a new shipping label for this task—make sure you are only reprinting (or photocopying) an existing label.

Nordstrom UPS 3rd Party Account Number

Unless shipping pre-paid, you must use the Nordstrom High-Value Third-Party UPS inbound account number for all Nordstrom shipments to Nordstrom DC's and stores. Contact Nordstrom at traffic@nordstrom.com to receive the correct UPS account number.

Please provide the following information when requesting the Nordstrom Account number:

- Vendor name
- Shipper name (if different than vendor name)
- Nordstrom PO number that you will be shipping
- State in your message that you are a Fine Jewelry shipper
- **Very Important:** If you are shipping an N-Direct Drop Shipment, please state this information as well as these shipments require the use of a different account number.

Nordstrom will respond with the account number as soon as possible, but not later than the next business day. This account number must be used to bill freight and declared value charges third-party; 'Collect' or 'Bill Receiver' options will not be accepted, and will result in charges being billed directly to the shipper by UPS.

Declared Value Guidelines (for shipments to Nordstrom stores or DC's)

It is very important that all shipments for Fine Jewelry departments destined for a Nordstrom DC or store be shipped with values declared per below table.

IMPORTANT: Nordstrom will not reimburse shippers for loss or damaged shipments for which our Declared Value guidelines were not followed.

Invoice Value per Package	Value to Declare
\$100-\$299	Do not declare value
\$300-\$1,999	Actual invoice value
\$2,000-\$4,999	\$5,000
\$5,000-\$50,000	Actual invoice value

\$50,000 is the maximum allowable declared value per package

If the invoice value is more than \$50,000 per package, split the shipment between as many packages as required to keep the maximum declared value per package at \$50,000 or less. If the shipment cannot be split (i.e. one item valued at more than \$50,000) please contact traffic@nordstrom.com for instructions on how to ship.

Customer-Owned Goods/Repaired Items

Declare the total value of the merchandise (as represented by the originating store's documentation) including any additional value added by the shipper (i.e. updated setting, etc.) for every package.

Note: For any package with declared value of \$1,000 or more, a Proof of Pickup document will print along with your shipping label. This document MUST be signed by your UPS driver upon pickup. The shipper should also request that the driver scan each of your packages at time of pickup so that UPS will receive a pickup scan for these packages as soon as the pickup is completed.

Service Levels

Refer to the table below for the appropriate service level to choose by ship day.

Service Level Table (for shipments to Nordstrom stores or DC's)

Ship Day	UPS Second Day Air	UPS 3-Day Select	UPS Ground (to Zone 2 locations)	UPS Ground (to Zone 3 locations)
Monday		X	X	X
Tuesday		X	X	X
Wednesday	X		X	X
Thursday	X		X	X
Friday	X		X	X

Note: When shipping with 3-Day Select service level, you will need to select 'other' as the packaging type in your label creation process. This will allow user to declare value per instructions.

How to determine the UPS Zone for your Destination

To confirm the correct UPS Shipping Zone, follow these instructions:

Go to UPS.com. You do not need to log-in for this information.

- Select the 'Shipping' tab from the row of tabs near the top of the screen.
- From the 'Additional Shipping Resources' menu on the right side of the screen, click on the 'View Zone & Rate Charts' link
- Under 'Packages and Services, Choose Your Location' click on the '48 Contiguous States' link
- After the page loads, scroll down to the 'Download Zone Charts' menu, and type your origin (ship-from) zip code in the space provided. Click the blue 'Download' button
- Open the Excel file that downloads and find the zone by service level for all destination zip codes based on your shipping zip code. You will find the Ground Destination Zone listed in column B 'Ground'. You may wish to keep this chart as a reference for any future shipments.

Locate the zip codes for each of the DC's (or stores if shipping direct to store). Note the ones that fall in Zone 2 or Zone 3. These you will ship via Ground service level per chart below. For all other zones ship using service level listed in chart below; do NOT ship via Ground

Weight Breaks for UPS High-Value Shipments

- Add the total weight for all PO's shipping to the same DC on the same day
- Consult table below for routing instructions

Ship to DC	PO Specifies Surface or Air	
	Weight	Carrier
89 299 399 499 569/562	1-200 lbs.	UPS (see Service Level Table above)
599 699 799	201+ lbs.	Contact traffic@nordstrom.com for carrier instructions

Packaging Procedures

All jewelry and watch shipments sent to Nordstrom via UPS must be double boxed to ensure that they are securely packaged. Please follow these shipping and packaging procedures *exactly*:

- Place the jewelry and/or watch item(s) in a plastic bag.
- Place the plastic bag in a UPS Small Box or other sturdy corrugated cardboard carton, taping the bag to the bottom of the carton to prevent any rattling or shifting inside the box. Mark the top of this inner box with the correct Nordstrom store number, PO number and department number.
- If you created a duplicate shipping label (as recommended in 'Creating a UPS Shipment' above), apply the extra label to the inner carton---this will allow UPS to deliver the carton should the shipping label on the outer carton become damaged or lost.
- Verify the shipping value and contents per your company's security procedures and seal the box.
- Place the small box inside a UPS medium or large box or other sturdy corrugated cardboard carton, adding packing material as needed to prevent the inner box from moving during transit, and then seal the outer box.
- Attach the UPS shipping label to the top of the outer carton.

Carton Markings

The outside of the shipping carton must not provide any indication (including label or brand names) that the shipment may contain jewelry, watches or other high value items.

In addition to the shipping label (see 'Creating a UPS Shipment' above), each carton should be marked with the following information:

- Nordstrom PO number
- Nordstrom store number
- Nordstrom Department Number (i.e. 'D 89', 'D 589', 'D 696' etc.)
- Write on the carton the month shipped, as the month number with a circle around it. (i.e. a package shipped in December would be represented by a circled number '12')

Do NOT use a UPS Drop-Box or UPS Store for shipment. You must contact UPS and ask for a pickup if you do not already have a daily pickup with UPS.

Nordstrom Direct Drop Shipments

If you are shipping in the Nordstrom Direct Drop Ship program, please contact the N-Direct team at NDIRDSops@nordstrom.com for information about declared value and service levels for these orders. **Important:** You will be shipping on a different UPS account number than the one used for shipments to DC's or Stores. Contact your N-Direct Drop Ship team.

Shippers/vendors are required to track all Nordstrom fine-jewelry shipments and to obtain full proof of delivery information

If you are unable to confirm delivery of any package within 24 hours (excluding weekends/holidays) after the scheduled delivery date, you or your designated representative must report the package missing on UPS.com. UPS will conduct a search for the package, and if the package cannot be located and delivered, they will send the shipper a Damage/Loss Notification Claim letter, which allows the shipper to begin the claims process (see below).

Shipper must also notify the Nordstrom buyer of the missing cartons by tracking number, with traffic@nordstrom.com on copy.

Filing a Claim for Loss or Damage on UPS.com

The shipper is responsible for filing all loss/damage claims with UPS on UPS.com.

If your package fails to deliver within 24 hours (excluding weekends/holidays) after the 'expected delivery date' (found in UPS.com Tracking), follow these instructions:

Lost Shipment Claims with Declared Value

- Go to UPS.com
- Select the 'Support' tab
- In the 'Browse by Topic' section, locate 'Receiving Your Shipment' in the menu, and click on 'File a Claim'
- Under 'Report Package Problem', enter the requested package details. This will initiate the tracer process. This can take 7-10 business days to complete.
- If the package is unable to be located, UPS will send you a Damage/Loss Notification claim letter, which you will need in order to begin the claims process.
- Follow the claims process described in detail on UPS.com
- Once the claim is approved, the shipper will receive a check from UPS for the invoice amount or the declared value amount, whichever is less.

Lost Shipment Claims for invoice values less than \$300

File a Claim with UPS as instructed above. UPS will pay approved claims up to a maximum of \$100/shipment directly to the shipper. The shipper will need to email traffic@nordstrom.com with the following detail in order to be reimbursed by Nordstrom for the difference between the amounts recovered from UPS and invoiced amount.

- Tracking number of lost package
- Nordstrom P.O. Number
- Nordstrom store/DC the package was packed for/destined to
- Copy of the invoice for the contents of the package
- Copy of the UPS Damage/Loss Notification Letter
- Copy of the UPS remit to the supplier
- Supplier contact (email and phone)
- State in the subject line of the email 'UPS Claim' and include the DC number the claimed package was destined for so that it can be sent to the correct claims department.

Damaged Shipments with Declared Value

The Nordstrom D.C. (or store if sent store-direct) will notify the shipper of any cartons received damaged, with contents damaged or missing.

Nordstrom will provide digital photos of the damaged carton(s) and/or contents whenever possible, plus a description of the damaged or missing items. The shipper will then be responsible for filing a claim with UPS on UPS.com. UPS will pay approved claims directly to the shipper, including declared value shipments.

- Go to UPS.com
- Select the 'Support' tab
- In the 'Browse by Topic' section, locate 'Receiving Your Shipment' in the menu, and click on 'File a Claim'
- Follow the step-by-step instructions.

Damaged Shipment Claims with invoice values less than \$300

The Nordstrom D.C. (or store if sent store-direct) will notify the shipper of any cartons received damaged, with contents damaged or missing. Nordstrom will provide the shipper with digital photos of the damaged carton(s) and/or contents whenever possible, plus a description of the damaged or missing items. The shipper will then be responsible for filing a claim with UPS on UPS.com (see 'Damaged Shipments with Declared Value' above for instructions). UPS will pay approved claims up to a maximum of \$100/shipment directly to the shipper.

The shipper will need to email traffic@nordstrom.com with the following detail in order to be reimbursed by Nordstrom for the difference between the amount recovered from UPS and the invoiced amount.

- Tracking number of damaged package
- Nordstrom P.O. Number
- Nordstrom store/DC the package was packed for/destined to
- Copy of the invoice for the contents of the package
- Copy of the UPS Damage/Loss Notification Letter
- Copy of the UPS remit to the supplier
- Supplier contact (email and phone)
- State in the subject line of the email 'UPS Claim' and include the DC number the claimed package was destined for so that it can be sent to the correct claims department.

Shipping Jewelry and Watches via USPS

The following rules apply to jewelry and watch shipments sent via US Mail for departments **68 and 589**:

- Surface: Use Registered Mail.
- Air: Use Express Mail.
- Declare and pay for full replacement value on **all** shipments.
 - Registered Mail offers insurance of up to \$25,000 per carton.
 - Express Mail offers insurance of up to \$5,000 per carton.

Mark all cartons with the correct Nordstrom store/DC number, PO number and department number. Refer to the [Packaging & Labeling Standards](#) found on www.nordstromsupplier.com, for marking and labeling instructions.

Proof of postal charges is required.

SECTION 4: FREIGHT INVOICING AND INQUIRIES

Freight Invoicing and Reimbursement

All shipments must be sent to Nordstrom 'Collect', or 'Bill Third Party'. There are specific requirements for UPS small package shipments (see UPS carrier pages for details).

Use of any carrier or shipping method (routing) not specifically authorized in this guide or by Nordstrom Traffic will result in the supplier paying all transportation charges, regardless of whether or not Nordstrom might have incurred lower or higher transportation costs with the unauthorized shipping method.

Nordstrom does **not** reimburse vendors for prepaid shipments sent via carriers not authorized by Nordstrom Traffic or Nordstrom Corporate Transportation offices.

Nordstrom will not accept any accessorial charges from carriers not authorized in this guide, even if the freight charges are prepaid. These charges must all be billed to the shipper—consult with your carrier about how to correctly set up your BOL to have any of these accessorial charges billed to your account.

If you accidentally ship 'Prepaid' instead of 'Collect' or 'Bill Third Party' using one of our authorized carriers and you wish to have the charges re-billed to Nordstrom, please contact traffic@nordstrom.com and provide the following information:

- Shipper name
- Vendor name/vendor number
- Carrier used
- Pro number/tracking number(s)
- Ship Date
- Request to re-bill to Nordstrom
- We will contact you within 2 business days regarding your request

Note: Re-bill requests must be made within 60 days of ship date. Requests made later than 60 days will be denied. If at any time you are not clear about which carrier to use or have any other questions, email us at traffic@nordstrom.com.

Freight Chargeback Inquiries

Nordstrom asks that you keep your account current and inquire regularly on freight deductions, we encourage suppliers to avoid accumulating inquiries for monthly, quarterly, seasonal or annual review and to submit any questions promptly, preferably within 60 days of the shipping date. Documents older than 12 months of the shipping date will not be addressed.

To view, and if necessary, inquire on your freight deductions go to the [OpenText Active Intelligence Portal](#), and log in*. Here you will find all the pertinent information regarding your deductions, in addition there is instruction regarding navigating the portal and maintaining your account. **Note:** It is the supplier's responsibility to maintain current contact information in the portal to ensure deductions are reaching the appropriate team members.

For FC inquiries issued on or before August 10, 2019, you may send your inquiry along with the Freight Chargeback Statement and supporting documentation (which may include a copy of the signed Bill of Lading, buyer email, your Freight Contract Agreement, PO showing the freight allowance, etc.) to the Traffic department at the Ship To DC for your PO. The DC name and email address is listed in the upper right-hand corner of the Freight Chargeback Statement. If you do not have a chargeback statement or still have questions about your freight chargebacks you may e-mail traffic@nordstrom.com.

Refusals and Related Charges

This section outlines the supplier's liabilities and responsibilities when Nordstrom refuses a non-compliant shipment or Purchase Order.

Reasons for Shipment/Purchase Order Refusals

Some of the reasons shipments and/or Purchase Orders may be refused by Nordstrom are:

- The PO number on the Bill of Lading or package label is missing or invalid.
NOTE: On shipments containing multiple PO numbers, a single invalid or missing PO number may result in refusal of the entire shipment.
- The Purchase Order and/or shipment is non-compliant and has been refused because:
 - The order was shipped outside the shipping window, either prior to the Earliest Ship Date or after the Latest Ship Date
 - The order has been cancelled, is not on file or is not activated in our system. (Please be sure to verify all Purchase Orders before shipping.)
 - The order contains unauthorized substitutions, overages or defective goods.
 - The shipment was delivered to the wrong Ship to DC.
 - The shipment was sent Collect on Delivery (COD), even when shipped via UPS and/or Parcel Post.
 - Your Prepaid (house carrier/non-routing guide carrier) or Hand Carry deliveries/POs were shipped after the Latest Ship Date.
 - Your carrier did not pre-schedule a delivery appointment at the Ship to DC 24 hours prior to delivery.
 - Your carrier is not the Nordstrom authorized carrier identified in this manual and the goods were shipped after the Latest Ship Date.

Fees Assessed for Refused Shipments

When a shipment or order is refused, the supplier will be held liable for the following:

- Return freight fees
- \$100.00 handling fee
- Inbound freight charges
- Any charges incurred due to the refused shipment (i.e., redelivery and storage charges)

If a shipment qualifies for refusal but is nevertheless accepted by Nordstrom, the supplier may still be held liable for the above charges or fees via freight offset charges.

Refused Shipment Handling and Liability

Refused goods routed through Gilbert, NorCon or CTE (Consolidators) may be held on hand at the Consolidator's facility. The Consolidators will notify the shipper whose name appears on the bill of lading if the shipment or order is refused or undeliverable. Storage charges are accumulated until the Consolidator receives both disposition instructions in writing and payment of charges from the shipper.

All refused goods received at a Nordstrom facility will be returned to the vendor at the vendor's expense. Return Authorization stickers will not be used on refused merchandise. If the vendor chooses not to receive this returned refused merchandise, the merchandise may be destroyed, salvaged through jobbers, or sold in our off-price channels.

Supplier bears full liability for loss or damage on refused shipments resulting from non-compliant shipments or Purchase Orders, and improper shipping, packaging or labeling.

Recalls

Only a Nordstrom merchant or buyer is authorized to recall a refused shipment or PO. The Nordstrom merchant or buyer must contact the appropriate Ship to DC Traffic Office in order to initiate any recall action

SECTION 5: MISCELLANEOUS INFORMATION

Shipping Guidelines from U.S. Mainland to Hawaii

See [Section 2: Shipment Preparation](#) for detailed instructions on preparing packages for shipment.

General Rules

Stores 47,48, and 706 are supported by DC 499 in Newark, CA (see section 8 for DC address).

If the PO dictates to pack and ship these stores to DC 499, please follow the instructions for shipping to DC499 from your state page in this Routing Guide.

If the PO dictates to ship direct to store, please follow these instructions:

PO Specifies AIR Direct to Store (Ship Direct to Store)	
Weight	Carrier
1-150 lbs	UPS Next Day
151-1,000 lbs	Contact Corporate Transportation via email at TRAFFIC@NORDSTROM.com

Hawaii Store Addresses:

Store 47	Store 48	Store 706
Waikiki Trade Center Rack 2255 Kihiro Avenue, Ste 200 Honolulu, HI 96815 Phone:(808) 275-2555	Victoria Ward Center Rack 1170 Auahi Street Honolulu, HI 96814 Phone:(808) 589-2060	Ala Moana Center 1450 Ala Moana Boulevard Ste 2950 Honolulu, HI 96814 Phone: (808) 953-6100

Mis-routed POs (incorrect DC or unauthorized Direct-to-Store) will be subject to vendor chargebacks. If you have any questions, please contact Corporate Logistics by emailing to traffic@nordstrom.com

SCAC Codes

The SCAC is used to populate TD503 field on the EDI 856 document. When a Nordstrom authorized carrier dispatches an agent or joint-line carrier to pick up your Nordstrom shipment(s), you may use the dispatching carrier's SCAC in the EDI 856 TD503 field or you may contact the agent or joint-line carrier and ask them for their SCAC.

Expense Offset Policies

Transportation	
Routing Guide or Purchase Order Violations	Per Routing and PO: 100% Shipment cost plus \$100.00 Handling fee.
Freight Agreement Allowance	Per Purchase Order Contract or Freight Partnership Contract: Options are either 100% or 50% for both Air and Surface shipment costs, or 60% for Air shipments and 30% of shipping costs.

SECTION 6: CARRIER PAGES

BTX Global Logistics

Air Shipments

First-Time BTX shippers, Air service levels:

Pursuant to TSA security directives, BTX must verify first-time shippers as 'known shippers' as defined in the TSA/IACSSP prior to any air shipping activity.

First-time shippers with no pending air shipments:

Shippers may pro-actively contact BTX prior to having any pending shipments in order to confirm status and/or begin the known shipper process. The shipper must be prepared to provide their full corporate information and Dun & Bradstreet Duns number, if available. If the shipper is a 3PL or other logistics company, a valid Indirect Air Carrier (IAC) number will be needed prior to any air shipping activity.

First-time shippers with pending air shipments:

First-time shippers who have not previously verified known shipper status with BTX (as described above), and have a pending air shipment for Nordstrom, must contact BTX at least 2 business days prior to desired pickup date in order for BTX to begin the Known-Shipper verification process.

NOTE: If BTX is not able to verify the shipper's status in time to achieve the required ship date and service level, BTX will work with Nordstrom Corporate Logistics to determine a shipping alternative. Nordstrom Corporate Logistics will coordinate this effort with the shipper.

'Known Shippers'

Once the shipper's status has been confirmed by BTX as 'known', the shipper may proceed directly to the following standard process in order to book shipments with BTX.

Note: any shipper name or address change will result in the need for a re-verification of the known shipper status.

Carrier Contact Information

- All shipping origins: (877) 384-5559 email: nordstrom.lax@btxair.com
- BTX website: www.btxair.com
- SCAC Code - BTXA

Shippers are encouraged to register with the BTX website to enable the ability to create shipments, arrange pickups, and track shipments online. Please contact the appropriate BTX Service Center (listed above) for assistance.

Shipment booking cut-off times

Please contact BTX as soon as possible, but not later than 24 hours in advance of pickup date in order to book a shipment and arrange a pickup. In some origins, same day pickups may be arranged but the requests must be received by BTX no later than noon local time the day of the pickup.

Air Waybill Creation

Create one Air Waybill (AWB) per destination per day.

- Mark the freight terms as 'Collect'
- Complete the requested shipper information
- Complete the requested consignee information

Service Level

- The standard Nordstrom service level for air shipments is Second Day Air. Unless you are otherwise instructed by the Nordstrom Expedite team or Corporate Logistics office, use this service level for all shipments.
- If you are shipping on a Thursday or Friday, use service level 'Ground' unless otherwise instructed by the Nordstrom Expedite team or the Corporate Logistics office.

BTX Global Logistics (cont.)

Purchase Order (PO) Information

- Enter the PO number you are shipping, the number of cartons by PO and carton dimension (in inches, L x W x H), and the total weight of these cartons. If you are shipping multiple POs, list them separately and include the above information by PO. If you have cartons of different dimensions for the same PO, list the number of cartons per each carton size.

Example:

P.O. 12345678, 10 cartons 18' x 14' x 12', 120 lb.

P.O. 12345678, 5 cartons 16' x 14' x 10', 75 lb.

P.O. 12345678, 12 cartons 24' x 16' x 12'. 150 lb.

Description of Items

- Enter the description of the items you are shipping. Be as specific as possible and conform to classifications and tariffs in place at the time of shipment.

Totals

- Enter the total number of cartons, the total weight, and the total number of pallets (if applicable) tendered.

Dimension limits

While Nordstrom does not require you to tender freight to BTX on pallets, it is common practice to do so and is not prohibited. The maximum size for a palletized shipment is 48' x 40' x 50'

Tendering Freight

- Shipper must tender freight to the carrier by Air Waybill. Carrier will sign the waybill for total number of cartons. Shipper may not tender waybills as 'STC', nor will the carrier pick up any waybill that is not counted by carton and signed.
- Shrink-wrapping should be done only after driver has physically counted the cartons on pallets.

Ground Shipments

Ground service level, shipments of *more than 7 pallets or over 750 cu.ft per BOL destination per day*

When tendering shipments to BTX for Ground service level, the shipper does not need to be a 'Known Shipper' as described in the Air Shipments section above. Use the same carrier contact information as described above, and provide the carrier with a Bill of Lading per DC destination, containing the following information:

- Shipper Company Name, address, contact and phone number
- Consignee (typically a Nordstrom DC) company name and full address
- Nordstrom purchase order number, number of cartons per purchase order, and the weight of those cartons (please include carton dimensions if available)
- Freight terms: Collect
- **Driver is required to count and sign for individual cartons** and the pallet count being picked up. 'STC' (said-to-contain) shipments are not allowed, and any shortages/damages reported will be the responsibility of the shipper if a 'STC' shipment is tendered to carrier.
- **The MAXIMUM number of pallets per BOL for this program is 13. Any shipments requiring more than 13 pallets per destination must be sent to the Volume Load Desk (VolumeLoad@nordstrom.com)**

Bill of Lading Instructions/Shipment Addressing

Consigned to: Nordstrom DC #
C/O CTE – TC Transportation
2280 Commerce Place
Hayward, CA 94545

Time Line and Procedure for PO Verification, Scheduling a Pickup and Sending your ASN 856 to Nordstrom

Prior to requesting pick up you must:

- Verify all POs that will be physically presented to the carrier driver on the requested pickup day.
- Edit your Bill of Lading and physical cartons to match. Only valid POs may be presented to the carrier driver.
- Your ASN 856 must match your Bills of Lading and physical cartons exactly!
- Key Matching Fields: Bill of Lading numbers, DC number, carton count by PO number.

After all POs for the requested pickup day have been validated and shipping paperwork has been matched to the ASN 856:

- You must obtain a pickup number from your carrier by **3:00 PST**, locking in pickup for the next day.
 - If you miss the 3:30 PST deadline and your PO is at risk of becoming Past Cancelled, you must contact the POs Nordstrom buyer for a PO extension.
 - The pickup number may be used as the CN Pro number in the ASN 856.
 - The SCAC code of the pickup carrier must be used in the ASN 856.

Your ASN 856 must not be sent to Nordstrom until *after* the driver has signed 'CLEAR' on your Bill of Lading.

- 'Clear' means that no changes were made to the carton count on your Bill of Lading by the driver.
- If the driver makes any changes to the carton count on your Bill of Lading, your ASN 856 must be edited to reflect the actual physical shipment picked up by the driver before it is transmitted.
- The date of the driver's signature must match the ASN 856 Ship Date field.

If you have any questions about these procedures, please direct them to traffic@nordstrom.com.

Routing Instructions

Refer to the Purchase Order for FOB point, shipping method, freight terms, shipping window and stores. See [Section 8: Store/DC List](#) for Ship To DC's.

CTE – TC Transportation (cont.)

With Freight Charge Terms marked 'Collect'

- Create an individual shipper's Bill of Lading as follows:

Step	Action
1	Make out one Bill of Lading document: • For each DC; • For each day.
2	Mark the Bill of Lading 'collect'.
3	Include the following information on the Bill of Lading: • Shipper's name; • Shipper's address; For each verified Purchase Order, list: • Purchase Order number; • Number of pieces (cartons or GOH) by PO number; • Department number by PO number; • Weight in LBS. by PO number; • Accurate carton count by size dimensions; • Description of all articles in shipment. Be as specific as possible and conform to classifications and tariffs in effect on the date of the shipment. If additional pages are needed to list POs, mark them 'Page 2 of 3', etc., and only total the number of cartons/total weight/Lbs. on the last page.
4	Do not declare value. (See Declaration of Value in <i>Section 2: Shipment Preparation</i> for complete details.)

- Supplier must tender freight to pick up carrier by DC, which must correspond to each bill.

UPS Small Package

Carrier Contact Information

- Phone: (800) 742-5877 or (800) PICK-UPS
- Web Site: <http://www.ups.com>
- SCAC Code – UPSN

Shippers must have an active UPS account number in order to use Nordstrom's 3rd Party UPS account.

If you do not have an active UPS account number, you may sign up online at <https://www.ups.com/myups> and click 'Register' at the bottom of the page. Or you may call (800) 742-5877. You can request UPS shipping software, WorldShip, to put on your computer if you are a daily pick up account. WorldShip can also be downloaded from:

<http://www.ups.com/worldship>

Jewelry and Watch Program

Nordstrom Purchase Orders that consist of jewelry and watch items destined for **departments 68 and 589** must ship under the UPS High-Value requirements contained in **Section 3: "Special Handling, Jewelry and Watch Shipping Procedures"**. This requires using a different UPS account than standard UPS shipping covered below.

Shipment Addressing

All Nordstrom shipments are to be addressed to:

Nordstrom DC #

Nordstrom DC Street Address

Nordstrom DC City, State, and Zip Code

See [Section 8: Store/DC List](#) for the 'Ship to' DC's and their addresses.

Nordstrom Third Party Bill to Account Number and Address Set Up Procedure Contact Traffic@nordstrom.com to receive the Nordstrom UPS account number to ship on. Please provide the following information:

- supplier name/number
- supplier contact information
- PO number(s) being shipped
- State and zip code you are shipping from
- **Total weight by DC**

We will email our 3rd Party Account and Address to you no later than the next business day after receiving your email. Should we change the UPS account number for any reason, we will update the Routing Guide alert section on the home page of www.nordstromsupplier.com. You will then need to follow the above process to receive the new account number. Please check the Routing Guide regularly to be sure to get any updates.

Important

- If Nordstrom is paying the freight charges for your shipment, ***DO NOT ship on your own account and ask that Nordstrom reimburse you—we must have UPS charges billed to our account in order to receive our contracted rates.***
- ***Shipments to Canada are covered by our Canadian Routing Guide (nordstromsuppliercanada.com) and require a different UPS account than the one used for US shipments.***

Routing Instructions

Refer to the Purchase Order for FOB point, shipping method, freight terms, shipping window and stores.

Service Selection

- If PO specifies 'Air', use UPS 2nd Day Air service level.
- If PO specifies 'Surface', use UPS Ground service level.

Please contact Traffic@nordstrom.com prior to shipping if you are being requested to use any other service level. Nordstrom will not pay for use of any other service level without prior permission.

Suppliers must tender freight to pick up carrier by DC, which must correspond to each bill. Failure to comply will result in a consolidation traffic freight chargeback, plus handling fees.

Verification of Delivery

Nordstrom strongly recommends that Proof of Delivery (POD) inquiries be made within 120 days of the ship date. It is always best to verify delivery within two weeks of the ship date. Contact TRAFFIC@Nordstrom.com with questions.

UPS Small Package (cont.)

UPS General Instructions

- You must use an authorized 3rd Party account number to bill third party to Nordstrom.
- In order to transmit electronic Package Level Detail (PLD) for each shipment, you must use a UPS shipping system, such as World Ship, UPS Internet, or a UPS compatible shipping system.
- It is important to complete the 'End of Day' process when using UPS systems like World Ship at least once per day for your shipment data to be transmitted to UPS. This is a critical step that is needed to ensure your packages are shipped and received without delay. Failure to perform this task could result in a freight chargeback due to incorrect ship date being shown on the tracking information reported by UPS to Nordstrom.
- **The use of hand-written air bills is not authorized. Your shipment could be delayed or returned unless system-generated shipping labels are created using a UPS system or UPS-compatible shipping systems.**
- **The date your UPS shipment is created is the date that is transmitted to Nordstrom as the actual ship date. Keep this in mind if you are creating UPS shipments prior to actual ship date, as it could result in a charge back if the reported ship date falls outside the PO ship window.**
- All packages must have the Nordstrom PO number (example: '12345678') clearly entered in the 'Reference 1' field of the shipping system and appear on the shipping label. You will not be able to process your shipment via UPS Shipping System without this information.
- If you do not have a daily pickup from UPS: When preparing a shipment on UPS World Ship system, and scheduling a pickup for your packages online, only request a pickup for the first package you process. DO NOT request more than one pickup per day.
- The PO number and the department number must be clearly written near the label on all packages. Please be sure that the carrier shipping label does not cover up the GS1-128 carton label.
- Please provide accurate carton count by size (dimensions) when creating your shipment.
- We suggest that all small package shippers track each shipment to delivery.

UPS Claims/Liability (*The shipper must file all cargo claims with UPS directly*)

The shipper is responsible for all loss and damage regardless of FOB point stated on the Purchase Order.

Nordstrom pays for merchandise that is received in good repair only. If your shipment is never received or is received short or damaged, the balance of your invoice must be covered by your cargo claim with UPS. UPS gives 9 months from the day of delivery or from the scheduled day of delivery if delivery was not made for the filing of claims for domestic packages. International package claims must be filed within 60 days of the date of delivery.

Domestic Air Shipments: UPS Limit of Liability for domestic air and ground shipments is \$100 per outer carton per shipment or the replacement value of the shipment, whichever is less.

UPS offers Declared Value for packages up to a limit of \$50,000. If the shipper chooses to purchase additional Declared Value to cover the contents of their cartons; the premium is the responsibility of the shipper.

Damage Claims: Concealed damage must be reported to UPS within 9 months of the date of delivery (Domestic) and within 60 days of the date of delivery (International).

A written claim must be submitted to UPS for standard Limit of Liability loss and damage claims.

Time Limit for Filing Claims for Loss or Damage to Property

As a condition precedent to recovery, all claims for loss or damage to property must be filed in writing or electronically with UPS within the following time limits:

Domestic shipments, claims must be filed within nine months after delivery of the package or in case of failure to make delivery then within nine months after a reasonable time for delivery has elapsed.

Written claims must be sent to UPS (address on the UPS Claim form found at <https://www.ups.com/myups>) Attn: Cargo Claims.

Shippers who choose to purchase additional Declared Value to cover the contents of their cartons are responsible for any associated premiums. Nordstrom will not reimburse for Declared Value charges. Shippers are also responsible for any additional premiums, such as hazardous material, delivery confirmation, fax POD (Proof of Delivery), Saturday pick up charges, delivery and address correction fees, etc.

Shippers tendering unauthorized packages are responsible for paying the list rate charges published by UPS.

Verification of Delivery

Nordstrom strongly recommends that Proof of Delivery (POD) inquiries be made within 90 days of the ship date. It is always best to verify delivery within **two weeks** of the ship date.

XPO Logistics

(For XPO Logistics to Gilbert, see pages 39-40)

Website: **LTL.xpo.com**

For Verifying POs and Pick-Up Scheduling –

***All NORDSTROM shipper pickup requests must be submitted via the below contacts for the Central XPO Logistics office. Do not call your local XPO Logistics freight terminal.**

- Call (888) 696-3650
- Email Address; LTL.Nordstrom@xpo.com
- SCAC Code – CNWY

Bill of Lading Instructions/Shipment Addressing

Consigned to: Nordstrom DC# _____

DC Street Address

DC City, State, Zip Code

Mark Freight Charges 'Collect'

In the 'Bill Freight Charges To' field, fill in as below:

**NORDSTROM, Inc. c/o TRAX
3175 Lenox Park Blvd.
Suite 400
Memphis, TN 38115**

Routing Instructions

Refer to the Purchase Order for FOB point, shipping method, freight terms, shipping window and stores. See [Section 8: Store/DC List](#) for Ship To DC's.

Special Note for palletized LTL shipments:

- **DO NOT ship more than 7 pallets per BOL per day**
 - If shipping 8 up to 13 pallets per BOL per day, route via BTX Global /Carrier Pages
 - 14 pallets per BOL or more email Volumeload@Nordstrom.com
- **Volume Multi-BOL DC Pick Up requests need to be placed at least 48 hours (2 Full business days) in advance.** Please be sure all POs included are valid for at least 2 more days from the advance notice pickup request. POs must be valid on actual pickup day.
 - Email TRAFFIC@Nordstrom.com for assistance.
- **DO NOT ship pallets higher than 72" maximum**
- **Chargebacks will result for failing to follow these instructions**
 - Create an individual shipper's Bill of Lading as follows:

Step	Action
1	Make out one Bill of Lading document: • For each DC; • For each day.
2	Mark the Bill of Lading 'collect'.
3	Include the following information on the Bill of Lading: • Shipper's name; • Shipper's address; For each verified Purchase Order, list: • Purchase Order number; • Number of cartons by PO number; • Department number by PO number; • Weight in LBS.by PO number; • Accurate carton count by size dimensions; • Description of all articles in shipment. Be as specific as possible and conform to classifications and tariffs in effect on the date of the shipment. If additional pages are needed to list POs, mark them 'Page 2 of 3', etc., and only total the number of cartons/total weight on the last page.
4	Do not declare value. (See Declaration of Value in <i>Section 2: Shipment Preparation</i> for complete details.)

- Suppliers must tender freight to pick up carrier by DC, which must correspond to each bill. Failure to comply will result in a consolidation traffic freight chargeback, plus handling fees.

Verification of Delivery

Nordstrom strongly recommends that Proof of Delivery (POD) inquiries be made within 120 days of the ship date. It is always best to verify delivery within **two weeks** of the ship date. Contact TRAFFIC@Nordstrom.com with questions.

Carrier Contact Information

- Call: 1 888 696-3650 * Identify yourself as a NORDSTROM Shipper
- Email: LTL.Nordstrom@xpo.com
- SCAC Code – CNWY
- Website: <https://ltl.xpo.com/>

Verifying PO and Pick-Up Scheduling

- Call: 1 888 696-3650 * Identify yourself as a NORDSTROM Shipper

Time Line and Procedure for PO Verification, To Schedule a Pickup and Sending your ASN 856 to Nordstrom

Prior to requesting pick up you must:

- Verify all POs that will be physically presented to the carrier driver on the requested pickup day.
- Edit your Bill of Lading and physical cartons to match. Only valid POs may be presented to the carrier driver.
- Your ASN 856 must match your Bills of Lading and physical cartons exactly!
- Key Matching Fields: Bill of Lading numbers, DC number, carton count by PO number.

After all POs for the requested pickup day have been validated and shipping paperwork has been matched to the ASN 856:

- You must obtain a pickup number from your carrier by **3:00pm EST**, locking in pickup for the next day.
- Your carrier will give you a 4-hour pickup window, and you must have your shipment ready by the start of that window.

Your ASN 856 must not be sent to Nordstrom until *after* the driver has signed 'CLEAR' on your Bill of Lading.

- 'Clear' means that no changes were made to the carton count on your Bill of Lading by the driver.
- If the driver makes any changes to the carton count on your Master Bill of Lading, your ASN 856 must be edited to reflect the actual physical shipment picked up by the driver before it is transmitted.
- The date of the driver's signature must match the ASN 856 Ship Date field.
- The driver will sign only the Master Bill of Lading.

If you have any questions about these procedures, please direct them to traffic@nordstrom.com.

Master Bill of Lading Address (Ship To):

NORDSTROM

C/O XPO to Gilbert
1000 Riverside Drive
Keasbey, NJ 08832-0186

Sub Bill of Lading Address (Ship To)

- Nordstrom DC# only, NO DC Address

Important note: Include the DC number, but **not** the DC address. DC addresses must **not** appear on Sub Bills of Lading.

Routing Instructions

Refer to the Purchase Order for FOB point, shipping method, freight terms, shipping window and stores. See [Section 8: Store/DC List](#) for Ship To DC's.

XPO Logistics to Gilbert (cont.)

With Freight Charge Terms marked 'Collect'

- Create an individual shipper's Bill of Lading as follows:

Step	Action
1	If shipping to more than one DC on the same day, create a unique sub-bill for each DC itemized by: • PO number(s) and department number, with carton count and LBS. for each PO.
2	Cross-reference individual sub-bills on the Master Bill of Lading.
3	Combine all surface shipments to Nordstrom from your facility on the same day onto one Master Bill of Lading, including: • Total cartons and total LBS. by each DC.
4	At the bottom of the Master Bill of Lading, include: • Total cartons for all DC's; • Total weight in LBS. for all DC's. NOTE: The Master Bill of Lading is the document the carrier's driver will sign.

- Staple the individual shippers' sub-bills under the one Master Bill of Lading. Cross-reference individual shippers' sub-bill numbers on the Master Bill of Lading.
- Supplier must tender freight to pick up carrier by DC, which must correspond to individual sub-bills. Failure to comply will result in a consolidation traffic freight chargeback, plus handling fees.

Use the [Bill of Lading Guidelines](#) (on www.gs1us.org), which includes examples of the industry standard sub-bills and Master Bill of Lading (or see [Appendix C: Sample Bill of Lading](#)).

SECTION 7: ORIGIN STATE PAGES

ALABAMA (AL)

See [Section 2: Shipment Preparation](#) for detailed instructions on preparing packages for shipment.

General Rules

- Suppliers must call carrier 24 hours prior to shipment for pickup and PO verification. **Same day pickup requests will not be accepted.**
- For **SURFACE** shipments, combine the weight of **all** cartons for **all** POs shipping to the **same** DC on the **same** day.
- For **AIR** shipments, combine the weight of **all** cartons for **all** POs shipping to the **same** DC on the **same** day.
- See [Section 6: Carrier Pages](#) for carrier-specific shipping instructions.
- For **SURFACE** shipments per or by DC greater than 10,000 lbs. **or** a cubic measure greater than 1,800 cubic feet, contact the Nordstrom Volume Shipment Routing Desk at Volumeload@Nordstrom.com, at least 3 business days prior to the requested ship date.
- For **AIR** shipments, greater than 2,000 lbs. per DC contact Corporate Logistics at traffic@nordstrom.com.
- All shipments must be sent 'Collect.'
- Routing instructions are subject to change. Please consult the Routing Guide prior to each shipment.

Special Note for palletized LTL shipments:

- **DO NOT ship more than 7 pallet positions per BOL destination per day via UPS FREIGHT**
- For shipments of 8 pallets up to 13 pallets per BOL, route via BTX Global Logistics GROUND service level (see carrier page).
 - For 14 pallets per BOL or more contact VolumeLoad@Nordstrom.com
- **DO NOT ship pallets higher than 72" maximum**
- **Chargebacks will result for failing to follow these instructions**

89 299 399 499 569/562 599 699 799 879	1-200 lbs.	UPS Small Package 2 nd Day Air Service
	201-2,000 lbs.	BTX Global Logistics 2 nd Day Air

NOTE: For Air shipments, more than 2000 lbs. per DC, please contact traffic@nordstrom.com for Routing Instructions

CONNECTICUT (CT)

See [Section 2: Shipment Preparation](#) for detailed instructions on preparing packages for shipment.

General Rules

- Suppliers must call carrier 24 hours prior to shipment for pickup and PO verification. **Same day pickup requests will not be accepted.**
- For **SURFACE** shipments, combine the weight of **all** cartons for **all** POs shipping to **all** DC's
- For **AIR** shipments, combine the weight of **all** cartons for **all** POs shipping to the **same** DC on the **same** day.
 - For DC569/562 POs listed as 'Air', see separate 'Air' routing for that DC below. Note that shipments for DC 569/562 will move via ground due to proximity of shipping location to DC 569/562.
- See [Section 6: Carrier Pages](#) for carrier-specific shipping instructions.
- For **SURFACE** shipments per or by DC greater than 10,000 lbs. **or** a cubic measure greater than 1,800 cubic feet, contact the Nordstrom Volume Shipment Routing Desk at Volumeload@Nordstrom.com, at least 3 business days prior to the requested ship date.
- For **AIR** shipments, greater than 2,000 lbs. per DC contact Corporate Logistics at traffic@nordstrom.com.
- All shipments must be sent 'Collect' or 'Bill Third Party'.
- Routing instructions are subject to change. Please consult the Routing Guide prior to each shipment.

Ship To DC	PO Specifies SURFACE	
	Weight	Carrier
89 299 399 499 569/562 599 699 799 879	1-50 lbs.	UPS Small Package Ground Service
	51-10,000 lbs.	Gilbert

Ship To DC	PO Specifies AIR	
	Weight	Carrier
89 299 399 499 599 799 879	1-200 lbs.	UPS Small Package 2nd Day Air Service
	200-2,000 lbs.	BTX Global Logistics 2 nd Day Air
569/562 699	1-100 lbs.	UPS Small Package Ground Service
	101-10,000 lbs.	Gilbert* *no air for this location

NOTE: For Air shipments, more than 2,000 lbs. per DC, please contact traffic@nordstrom.com for Routing Instructions

DELAWARE (DE)

See [Section 2: Shipment Preparation](#) for detailed instructions on preparing packages for shipment.

General Rules

- Suppliers must call carrier 24 hours prior to shipment for pickup and PO verification. **Same day pickup requests will not be accepted.**
- For **SURFACE** shipments, combine the weight of **all** cartons for **all** POs shipping to **all** DC's,
- For **AIR** shipments, combine the weight of **all** cartons for **all** POs shipping to the **same** DC on the **same** day.
- For DC699 and DC569/562 shipments listed as 'Air', see routing for these DC's below—note that they will ship via Ground due to the proximity of the shipping location to each DC.
 - See [Section 6: Carrier Pages](#) for carrier-specific shipping instructions.
 - For **SURFACE** shipments per or by DC greater than 10,000 lbs. **or** a cubic measure greater than 1,800 cubic feet, contact the Nordstrom Volume Shipment Routing Desk at Volumeload@Nordstrom.com, at least 3 business days prior to the requested ship date.
 - For **AIR** shipments, greater than 2,000 lbs. per DC contact Corporate Logistics at traffic@nordstrom.com.
 - All shipments must be sent 'Collect' or 'Bill Third Party'.
- Routing instructions are subject to change. Please consult the Routing Guide prior to each shipment.

299 599	1-200 lbs.	UPS Small Package Ground Service
	201-2,000 lbs.	BTX Global Logistics 2 nd Day Air

NOTE: For Air shipments, more than 2,000 lbs. per DC, please contact traffic@nordstrom.com for Routing Instructions

LOUISIANA (LA)

See [Section 2: Shipment Preparation](#) for detailed instructions on preparing packages for shipment.

General Rules

- Suppliers must call carrier 24 hours prior to shipment for pickup and PO verification. **Same day pickup requests will not be accepted.**
- For **SURFACE** shipments, combine the weight of **all** cartons for **all** POs shipping to **each** DC) on the **same** day.
- For **AIR** shipments, combine the weight of **all** cartons for **all** POs shipping to the **same** DC on the **same** day.
 - See [Section 6: Carrier Pages](#) for carrier-specific shipping instructions.
 - For **SURFACE** shipments per or by DC greater than 10,000 lbs. **or** a cubic measure greater than 1,800 cubic feet, contact the Nordstrom Volume Shipment Routing Desk at Volumeload@Nordstrom.com, at least 3 business days prior to the requested ship date.
 - For **AIR** shipments, greater than 2,000 lbs. per DC contact Corporate Logistics at traffic@nordstrom.com.
 - All shipments must be sent 'Collect.'
- Routing instructions are subject to change. Please consult the Routing Guide prior to each shipment.

Special Note for palletized LTL shipments:

- DO NOT ship more than 7 pallet positions per BOL destination per day via XPO Logistics
 - For shipments of 8 pallets up to 13 pallets per BOL, route via BTX Global Logistics GROUND service level (see carrier page).
 - For 14 pallets per BOL or more contact VolumeLoad@Nordstrom.com
- DO NOT ship pallets higher than 72" maximum
- Chargebacks will result for failing to follow these instructions

	101-10,000 lbs	XPO Logistics (Direct to DC, bypass Gilbert)

Ship To DC	PO Specifies AIR	
	Weight	Carrier
89 299 399 499 569/562 599 699 799 879	1-200 lbs	UPS Small Package 2 nd Day Air Service
	201-2,000 lbs	BTX Global Logistics 2 nd Day Air

NEW JERSEY (NJ)

See [Section 2: Shipment Preparation](#) for detailed instructions on preparing packages for shipment.

General Rules

- Suppliers must call carrier 24 hours prior to shipment for pickup and PO verification. **Same day pickup requests will not be accepted.**
- For **SURFACE** shipments, combine the weight of **all** cartons for **all** POs shipping to **all** DC's,
- For **AIR** shipments, combine the weight of **all** cartons for **all** POs shipping to the **same** DC (except DC699 and DC569/562) on the **same** day. For air shipments to DC699 and DC569/562 see table below.
 - See [Section 6: Carrier Pages](#) for carrier-specific shipping instructions.
 - For **SURFACE** shipments per or by DC greater than 10,000 lbs. **or** a cubic measure greater than 1,800 cubic feet, contact the Nordstrom Volume Shipment Routing Desk at Volumeload@Nordstrom.com, at least 3 business days prior to the requested ship date.
 - For **AIR** shipments, greater than 2,000 lbs. per DC (except DC699 and DC569/562) contact Corporate Logistics.
 - All shipments must be sent 'Collect.'
- Routing instructions are subject to change. Please consult the Routing Guide prior to each shipment.

Ship To DC	PO Specifies SURFACE	
	Weight	Carrier
89 299 399 499 569/562	1-20 lbs.	UPS Small Package Ground Service
599 699 799 879	21-10,000 lbs.	Gilbert

Ship To DC	PO Specifies AIR	
	Weight	Carrier
89 299 399 499 599 799 879	1-200 lbs	UPS Small Package 2 nd Day Air Service
	201-2,000 lbs	BTX Global Logistics 2 nd Day Air
569/562 699	1-20 lbs	UPS Small Package Ground Service
	21-10,000 lbs	Gilbert Combine both surface and air shipments shipping to DC 569/562 and DC 699 on the same day on a SINGLE bill of lading. Each DC must have their own single Bill of Lading.

NEW MEXICO (NM)

See [Section 2: Shipment Preparation](#) for detailed instructions on preparing packages for shipment.

General Rules

- Suppliers must call carrier 24 hours prior to shipment for pickup and PO verification. **Same day pickup requests will not be accepted.**
- For **SURFACE** shipments, combine the weight of **all** cartons for **all** POs shipping to the **same** DC on the **same** day.
- For **AIR** shipments, combine the weight of **all** cartons for **all** POs shipping to the **same** DC on the **same** day.
 - See [Section 6: Carrier Pages](#) for carrier-specific shipping instructions.
 - For **SURFACE** shipments per or by DC greater than 10,000 lbs. **or** a cubic measure greater than 1,800 cubic feet, contact the Nordstrom Volume Shipment Routing Desk at Volumeload@Nordstrom.com, at least 3 business days prior to the requested ship date.
 - For **AIR** shipments, greater than 2,000 lbs. per DC contact Corporate Logistics.
 - All shipments must be sent 'Collect.'
- Routing instructions are subject to change. Please consult the Routing Guide prior to each shipment.

Special Note for palletized LTL shipments:

- DO NOT ship more than 7 pallet positions per BOL destination per day via XPO Logistics
 - For shipments of 8 pallets up to 13 pallets per BOL destination per day, route via BTX Global Logistics GROUND service level (see carrier page).
 - For 14 pallets per BOL or more contact VolumeLoad@Nordstrom.com
- DO NOT ship pallets higher than 72" maximum
- Chargebacks will result for failing to follow these instructions

	201-10,000 lbs	UPS FREIGHT Standard LTL Service Combine both surface and air shipments shipping to DC 799 on the same day on a SINGLE bill of lading

NOTE: For Air shipments, more than 2,000 lbs per DC, please contact traffic@nordstrom.com for Routing Instructions

SOUTH DAKOTA (SD)

See [Section 2: Shipment Preparation](#) for detailed instructions on preparing packages for shipment.

General Rules

- Suppliers must call carrier 24 hours prior to shipment for pickup and PO verification. **Same day pickup requests will not be accepted.**
- For **SURFACE** shipments, combine the weight of **all** cartons for **all** POs shipping to the **same** DC on the **same** day.
- For **AIR** shipments, combine the weight of **all** cartons for **all** POs shipping to the **same** DC (except DC's 299 and 599) on the **same** day. For air shipments to DC's 299 and 599, see table below.
 - See [Section 6: Carrier Pages](#) for carrier-specific shipping instructions.
 - For **SURFACE** shipments per or by DC greater than 10,000 lbs. **or** a cubic measure greater than 1,800 cubic feet, contact the Nordstrom Volume Shipment Routing Desk at Volumeload@Nordstrom.com, at least 3 business days prior to the requested ship date.
 - For **AIR** shipments, greater than 2,000 lbs. per DC contact Corporate Logistics.
 - All shipments must be sent 'Collect.'
- Routing instructions are subject to change. Please consult the Routing Guide prior to each shipment.

Special Note for palletized LTL shipments:

- DO NOT ship more than 7 pallet positions per BOL destination per day via XPO Logistics
 - For shipments of 8 pallets up to 13 pallets per BOL destination per day, route via BTX Global Logistics GROUND service level (see carrier page).
 - For 14 pallets per BOL or more contact VolumeLoad@Nordstrom.com
- DO NOT ship pallets higher than 72" maximum
- Chargebacks will result for failing to follow these instructions

	201-2,000 lbs	BTX Global Logistics 2 nd Day Air

SECTION 8: STORE/DC LIST

Store / DC Look-Up Process

- Nordstrom sends the store ordering locations on the EDI 850 SDQ segment
- In most cases, you may use the following list to locate the correct Ship-to DC for the store(s) listed on the SDQ segment. However, in some cases we may ask that you ship to a DC other than the one indicated on the Store/DC list. If a DC shipping location appears in the N1 segment that follows the SDQ segment of the EDI 850, you **must** ship to that DC and not the DC typically associated with the store location
- Vendors shipping to Nordstrom departments 87 (European Designer Sportswear Collection) and 614 should review the Designer section on page 14 to insure proper routing
- Vendors shipping to Department 86 (American Designer Sportswear Collection) should follow the standard routing for their State as found in the Store / DC List and State Pages

Nordstrom Product Group Orders

- Nordstrom sends the Store/DC combinations in the purchase order

Manhattan NYC Full Line Stores

Our Manhattan NYC Full Line Store POs will be set up as store 209 shipping to DC 699. After order processing, DC 699 will route to store 209, our Stock Staging Area (SSA), supporting both Full Line Manhattan Stores 210 Women's Store, opening October 2019 and 212 Men's Store. Please email traffic@nordstrom.com for shipping and routing questions.

Pre-Allocation Stores

Pre-Allocation Stores will appear with the same value, the DC location, in the Mark For and in the Ship To location. These are not valid stores; they are a unit placeholder prior to store allocation:

- When a DC appears as a store and a ship to location, **never ship** until the PO has been store allocated;
- If the start ship window of your PO is within two weeks and you have not been notified of the store allocation, please contact the buyer on the PO and request allocation

Store / DC Relationships

For Canada Store / DC relationships refer to our [Nordstrom Canada Routing Guide](http://www.nordstromsuppliercanada.com) on www.nordstromsuppliercanada.com.

APPENDIX A: GLOSSARY OF TERMS AND DEFINITIONS

Term	Definition
Airway Bill (AWB)	The air industry's equivalent to the motor carrier's Bill of Lading.
Advanced Ship Notice (ASN)	Electronic packing slip or 856.
Bill of Lading	A contract of carriage between shipper and carrier. A Bill of Lading serves three purposes: • It sets the terms and conditions of the contract. • It acts as the receipt for the goods to be transported. • It provides documentary evidence of the party entitled to deliver.
Cancel Date	The Cancel Date shown on the Purchase Order. The Cancel Date is the last day to ship. It is commonly referred to as the "Past Cancel Date".
Claim	A deduction processed against a vendor's account for merchandise returns, shortages, cost differences, markdowns, advertising co-op, rebates, etc.
Cargo Claims	Claims written against a carrier for recoupment of merchandise cost and freight charges as a result of damage or shortage of goods delivered or complete non-delivery.
Carrier Liability	A contract carrier is liable for all loss, damage and delay with the exception of act of God, act of a public enemy, act of a public authority, act of the shipper, and the inherent nature of the goods.
Carton	A corrugation packaging type not to exceed 36" x 24" x 24" or 50 pounds.
Contract Carrier	A for-hire carrier who does not serve the general public, but who serves shippers or consignees with whom the carrier has a continuing contract.
Collect	Freight invoice payment terms indicating that charges will be billed to Nordstrom.
Consignee	The receiver of a freight shipment, usually the buyer.
Consolidation of Shipment	A Nordstrom requirement that all purchase orders going to the same DC on the same day must be consolidated onto one Bill of Lading or sub-bill, depending on which carrier is being used.
Consolidator	Assembles interliner or LTL shipments, organizes the freight by DC and purchase order, manifests shipments by DC and transmits to each DC to pre-alert them of the merchandise and delivery date. Releases freight by assembly to the DC.
Cubic Feet	Carton Length by Width by Height; multiplied. Cubic foot measurement.
Customer's Owned Goods	Merchandise that has already been sold to a customer. Customer's Owned Goods are usually Repair Claims being sent back to Nordstrom from the repair vendor.
DC	Nordstrom Distribution Center. See Section 8: Stores/DC List for stores serviced by each DC, and DC addresses and phone and fax numbers. The DC is usually the Ship To point on the Purchase Order.
Department Number	The department number is found on the Purchase Order under "Dept. No." The department number contains a type of merchandise belonging to a group of departments in a merchandise division.
Dimensional Weight (Dim Wt.)	Carton Length x Width x Height; multiplied. Dim Wt. or Cubic Foot measurement.
EAN	European Article Number. A unique thirteen digit vendor number, the European equivalent of a UPC code.

Term	Definition																											
Earliest Ship Date	The Earliest Ship Date shown on the Purchase Order. The Earliest Ship Date is the first day to ship. It is commonly referred to as the Start Ship Date.																											
EDI	Electronic Data Interchange. All-inclusive terms for Electronic Data interchange transactions. Ability to transmit EDI transaction types varies with each vendor.																											
Electronic Documents	The Electronic Documents utilized by Nordstrom include: <table><tr><td>Electronic Invoice</td><td>EDI810</td><td>Version 4010VICS</td></tr><tr><td>UPC Catalog</td><td>EDI832</td><td>Version 4010VICS</td></tr><tr><td>Purchase Order</td><td>EDI850</td><td>Version 4010VICS</td></tr><tr><td>Product Activity Data</td><td>EDI852</td><td>Version 4010VICS</td></tr><tr><td>PO Acknowledgment</td><td>EDI855</td><td>Version 4010VICS</td></tr><tr><td>Advance Shipment</td><td>EDI856</td><td>Version 4010VICS</td></tr><tr><td>PO Buyer Initiated</td><td>EDI860</td><td>Version 4010</td></tr><tr><td>GS1 128 Carton Label</td><td></td><td>Version 4010VICS</td></tr><tr><td>Functional Acknowledgement</td><td>EDI997</td><td>Version 4010VICS</td></tr></table>	Electronic Invoice	EDI810	Version 4010VICS	UPC Catalog	EDI832	Version 4010VICS	Purchase Order	EDI850	Version 4010VICS	Product Activity Data	EDI852	Version 4010VICS	PO Acknowledgment	EDI855	Version 4010VICS	Advance Shipment	EDI856	Version 4010VICS	PO Buyer Initiated	EDI860	Version 4010	GS1 128 Carton Label		Version 4010VICS	Functional Acknowledgement	EDI997	Version 4010VICS
Electronic Invoice	EDI810	Version 4010VICS																										
UPC Catalog	EDI832	Version 4010VICS																										
Purchase Order	EDI850	Version 4010VICS																										
Product Activity Data	EDI852	Version 4010VICS																										
PO Acknowledgment	EDI855	Version 4010VICS																										
Advance Shipment	EDI856	Version 4010VICS																										
PO Buyer Initiated	EDI860	Version 4010																										
GS1 128 Carton Label		Version 4010VICS																										
Functional Acknowledgement	EDI997	Version 4010VICS																										
Floor Ready	Term referring to merchandise that is received ready to be transferred directly to the selling floor.																											
Freight Allowance	Amount of freight the supplier pays per purchase order or signed Corporate Freight Partnership Contract (freight agreement). <table><tr><td>0</td><td>Supplier pays no (zero) freight costs.</td></tr><tr><td>1 = 100%</td><td>Full, Paid: Supplier pays 100% of the freight costs.</td></tr><tr><td>2 = 50%</td><td>½, Half: Supplier pays 50% of the freight costs.</td></tr><tr><td>3 = 60%</td><td>Difference between Air and Surface. On air shipments only, supplier pays 60% of the air freight costs.</td></tr><tr><td>4 = 30%</td><td>Half the difference between Air and Surface. On air shipments only, supplier pays 30% of the air freight costs.</td></tr></table>	0	Supplier pays no (zero) freight costs.	1 = 100%	Full, Paid: Supplier pays 100% of the freight costs.	2 = 50%	½, Half: Supplier pays 50% of the freight costs.	3 = 60%	Difference between Air and Surface. On air shipments only, supplier pays 60% of the air freight costs.	4 = 30%	Half the difference between Air and Surface. On air shipments only, supplier pays 30% of the air freight costs.																	
0	Supplier pays no (zero) freight costs.																											
1 = 100%	Full, Paid: Supplier pays 100% of the freight costs.																											
2 = 50%	½, Half: Supplier pays 50% of the freight costs.																											
3 = 60%	Difference between Air and Surface. On air shipments only, supplier pays 60% of the air freight costs.																											
4 = 30%	Half the difference between Air and Surface. On air shipments only, supplier pays 30% of the air freight costs.																											
Freight-Only Invoice	An invoice for prepaid freight charges sent to the DC Traffic Office. Nordstrom only reimburses for freight charges associated with jewelry, watches, gourmet food shipments and consignment orders.																											
Freight Chargeback (See Freight Agreement and Freight Violation Chargeback Codes/Descriptions for chargeback reason codes and descriptions)	Supplier freight deduction document. There are two types of freight chargebacks: • Agreement: Supplier agrees to share freight charges. • Violation: Supplier is charged full freight charges plus a handling fee of \$100. Violation is either of Purchase Order contract or the Carrier Selection and Routing Guide. Nordstrom deducts freight charges owed from the next check remittance.																											
FOB Point	A term of sale that defines who will incur transportation charges for the shipment, who will control the movement of the shipment, or at which point the title to the goods passes to the buyer. The original meaning was "free on board" ship. • FOB Factory: Title of goods passes to the buyer at the factory. Supplier pays no (zero) freight, unless a freight allowance is applicable. • FOB Consolidator: Title of goods passes to the buyer at the consolidation point. Supplier pays all freight costs to the point of consolidation, plus any additional freight costs, which are dependent on what is agreed in the freight allowance field on the PO. • FOB Store: Title of goods passes to the buyer at the Nordstrom DC or Store. Supplier is liable for the shipment until it reaches Nordstrom. Please note that FOB Store does NOT mean ship Direct to Store. Refer to the "FOB Point" Purchase Order field.																											
Full Freight	The supplier/shipper agrees to pay 100% of the freight charges. Refer to the "Freight Allowance" Purchase Order field.																											

Term	Definition
Full Load	Shipments weighing over 1,000 lbs for Air shipments and 10,000 lbs for Surface shipments. Please contact the Volume Load desk if you have a shipment that fits this criteria— volumeloads@nordstrom.com at least 3 days prior to the requested ship date.
GOH	"Garment on Hanger", a hanging packaging shipping type.
Gourmet Foods	Perishable merchandise such as candy, or other food items.
Hazardous Materials	A hazardous material is a substance that poses more than a reasonable risk to the health and safety of individuals and includes products such as explosives, flammables, corrosives, oxidizers, and radioactive materials. Includes perfumes and other contents packaged under pressure being shipped via Air and Air shipments that contain Dry Ice cold pack.
Importer of Record	The company or individual who is listed as the importer with U.S. Customs at the time the goods enter the U.S. The Tax ID# or social security number of the "Importer of Record" must also be submitted to Customs. The Importer of Record bears all responsibility and liability for the imported merchandise.
Inbound Freight	Freight in route to a Nordstrom facility (usually a Distribution Center).
Interliner	The pickup carrier, usually for an LTL shipment. The carrier transports merchandise from the vendor to a consolidator.
Jewelry	Jewelry and watch shipments are shipments for specific departments. See Jewelry and Watch Shipping Procedures (Section 3).
Landed Duty Paid	The total cost of a product delivered to a given location, i.e., the cost of production plus the transportation cost to the customer's location. U.S. Customs Clearance is the responsibility of the seller. The seller or agent of the seller is the "Importer of Record". All U.S. Customs duties and applicable taxes are for the account of the seller. Delivery to the named place of destination is for the account of the seller.
LTL	"Less than truckload", a shipment weighing less than the minimum weight required to use the lower truckload rate. A pickup/interliner carrier direct to the DC's or into a consolidation. Usually shipments over 70 lbs and under 10,000 lbs.
Lumper	A term applied to a person who assists a motor carrier in the loading and unloading of property.
Manufacturer ID	The first six digits of the UPC number. This ID may be used to identify the manufacturer. A single manufacturer may have multiple manufacturer IDs.
Master Bill of Lading	A uniquely numbered contract of carriage document that summarizes more than one DC shipment or sub-bills of lading. The Master Bill of Lading is the document that is signed by the carrier driver.
Mode	Method of transportation (service) used for shipments, usually Surface and sometimes Air. Refer to the "Ship Via Routing Guide or shipping method" Purchase Order field.
Outbound Freight	A shipment shipped <i>from</i> a Nordstrom facility to another Nordstrom facility or a vendor.
Order Date	The date the order was placed with the vendor. This is not the Earliest Ship Date.
Pickup Carrier	The interliner carrier, usually for an LTL shipment. The carrier transports merchandise from the supplier to a consolidator.
PID	Product Information number or vendor style number. Also known as vendor product number or VPN.

Term	Definition
POD	Proof of Delivery.
PO Verification	Purchase Order Verification is a service provided by our consolidators. It confirms that the Purchase Order is active and is ready to ship. PO Verification may also be performed via email to Nordstrom. See Section 2: Shipment Preparation for further information. Exceptions: Consignment and UPS Small Package shipments.
Prepaid	Freight invoice payment term indicating that charges are billed to the shipper or supplier.
Purchase Order	A legal, binding contract between the Nordstrom buyer and the supplier. The Purchase Order number is an 8-digit identifier and is required on all packaging and documentation.
QR	Quick Response. The capability to send sales information to a vendor and have merchandise replenished immediately via EDI transactions.
Refusal	A refusal occurs when a Purchase Order delivered to a consolidator or Nordstrom facility is in violation of the Purchase Order contract. Refusals are put On Hand and all expenses are borne by the seller. The seller has 30 days to give disposition to the agent in possession of the shipment. After 30 days, the shipment may be salvaged to recover expenses.
Return Authorization	An authorization number which is obtained from the supplier prior to the shipping return vendor claim.
Samples	Merchandise not for resale. Samples usually have no cost.
Shipper	The sender of the freight shipment, usually the seller or seller's warehouse.
Shipping Window	The period of time between (and inclusive of) the PO Earliest Ship Date and Cancel Date.
Short Shipments	Shipment contents which are less than the packing slip count or a carrier shipment which has delivered less than the carton count on a Bill of Lading or freight delivery receipt.
SKU	Stock Keeping Unit. A SKU refers to a specific style, color and size of an item.
Store Pack	Packing by style, color and size (SKU) for a store.
Sub-Bill	A Bill of Lading always used in conjunction with a Master Bill of Lading. A sub-bill lists the detail information for a DC shipment, including PO's and department number, itemized by number of cartons and weight, etc.
Supplier Number	Identifying number for the 'ordered from' company in the Nordstrom Merchandising System.
GS1-128	Scannable bar-coded label located on the outside of a shipping carton.
UPC	Universal Product Code. A unique twelve digit vendor number. The first six digits are a supplier's UC Block ID; the next five digits are a specific product identifier (SKU); and the last digit is a check digit.
VAN	Value Added Network. The designated communication network used to transmit and receive EDI transactions.
Vendor Number	The Vendor Number is found on the Purchase Order "Pay To Vendor"

Term	Definition
VICS	Voluntary Inter-industry Commerce Standards for EDI transactions, established by the Uniform Code Council (UCC).
VMR	Vendor Managed Replenishment. Vendor “Basic Stock” system that automatically creates Purchase Orders and replenishes merchandise based on sales and model information via EDI 852 sales and 855 Reverse Purchase Order.
Volume Shipments	A Full Load that exceeds the standard size/weight guidelines. • Surface: 10,000 pounds or more, or over 1,800 cubic feet, per consolidated shipment. • Air: 1,000 pounds or more per consolidated shipment. Volume Shipments are considered by the DC for possible Full Load shipment routing.
Weight Break	The weight at which carrier determination is made.
